File 13: Red Star Gall (3)

SATELLITE CHANNEL 1

WE ENCOUNTERED
THE SAME TYPE
AT SAINT NIKOLAI
CHURCH LAST WEEK.
THE TRIGGERING
PASSWORD IS
UNKNOWN!

THIS IS
GOROGORO
OF THE FIFTH
REGIMENT,
SPECIAL UNIT,
FORMER
SOVIET ARMY.

GOROGORO?
WHO GOR-
ORO...

INTERFACE,
SENSORS,
BATTERY, AND
POMPUK.

WE'VE NAMED THIS
POWER GALL.
IT'S BASICALLY
COMPOSED OF
FOUR UNITS.

ONE MAN
TALKBERS
NOT THAT
FAR WITH IT...

USING A
NIGHT-SCOPE,
OPEN THE INTERFACE
AND POINT OVER THE
LIGHT SENSOR TO
DESTROY IT.

YOU HARDEN THE
MOTION AND GYRO
SENSORS WITH EPICYC
KES AND MAKE
THEM SHUT UP.

RIGHT,
MANUAT-
TAN?

IN OTHER
WORDS...
SOMEONE'S
GOTTA TAKE IT
FURTHER...

THAT'S
EXACTLY
RIGHT, SAN
FRANCIS-
CO

RECEIVED
RECEIVED

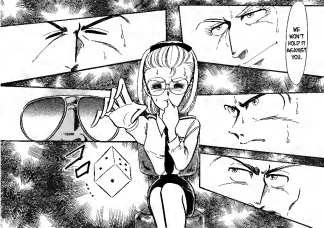

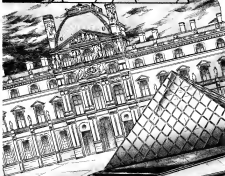

WE HAVE FOUR
CHANCES... TO
PO IT OVER.

IF THAT TURN
FALLS, WE START
AGAIN FROM
THREE.

I GUESS...NOT MUCH
PETERING THE CENSOR
CAT CORNING CENTER
IS TAKING AN OPERATOR
AVAILABLE?

IF YOU
TOOK
OUT
THE
SCREEN

BUT IF IT'S JUST
FOR THE INTERFACE
AND THEIR CON-
TROL, WHY DOES IT
HAVE FOUR REGS?

THEY SAID THE
INTERFACE
COMPUTER IS
FOUR REGS,

IT ACTI-
VATES...

OR IF YOU
RELEASE
THE BOLT
ON THE
EXPLO-
SIVE...IT
ACTI-
VATES!

IT ACTI-
VATES!

IF YOU
PUSH
THE GYRO
LOCK

CITY
POINTS

WELL...
THAT MACH
ANYONE
WOULD DO.

FWA

WATCH REGS...
THE TWO RED AND FIVE
BLACK CORDS COMING
OUT OF THE COMPUTER
ARE PLANNED.

THE
LIGHT
SENSOR

ACTI-
VATES
AS
WILL

TERMINALS 1
THRU 8 FROM THE
RIGHT ON THE
COMPUTER UNIT
HAVE NO CONFIG-
URATION. THEY'RE
PROBABLY
DUNKED

MURDER
9 HAS A
BLIND LEAD
INDICATED...
THAT'S
PROBABLY
THE
GROUND...

PARIS
WESSED
UP!! THE
WEST-SIDE
HALL OF THE
LOUNGE WAS
BLOWN OFF!!

THAT
BLUE LEAD
IS THE
SECOND-
BEST...

I GUESS
IT'S MY
TURN.

THIS IS... RIO
DE JANEIRO.
I'M ROMERITO
SANTOS OF THE
RIO POLICE
SPECIAL
FORCES.

DON'T GET
THE OTHERS...
ANTONIO

R-
ROOVE-
TO...

AND
THAT'S ALL
THE DATA
WE GOT OUT
OF IT...IT'S
ENOUGH TO
MAKE A
GROWN
MAN CRY
TWO
PEOPLE...
ARE
DEAD

POWER-
TOO!

I'M
CUT-
TING
IT.

THE
TESTER
DON'T
DETECT
RED COU-
RING
IN IT.

THE BLUE
LEAD ENTERS
FROM BELOW
THE CHASSIS.
BUT...IT ISN'T
A GROUND...
